WordPress Developer

Description

At Starlink.Care, we're on the lookout for a highly skilled and passionate WordPress Development Expert to join our dynamic team. As a key player in our agency, you'll be responsible for designing, developing, and maintaining custom WordPress websites that deliver exceptional user experiences. We need someone who thrives in a fast-paced environment, is a problem-solver, and is committed to delivering top-quality work. If you're eager to contribute to innovative projects and grow with a forward-thinking company, apply now!

Responsibilities

- **Develop and Customize** : Design, develop, and customize WordPress themes and plugins to meet client specifications and enhance website functionality.
- **Maintain Websites**: Perform regular updates and maintenance on existing WordPress sites, ensuring optimal performance and security.
- **Collaborate** : Work closely with clients and team members to understand project requirements and deliver high-quality solutions.
- **Optimize Performance** : Implement best practices for website speed, performance, and SEO optimization.
- **Troubleshoot**: Diagnose and resolve technical issues and bugs in a timely manner.
- **Stay Updated** : Keep up with the latest WordPress trends, updates, and industry best practices to ensure cutting-edge solutions.
- **Document Work** : Provide detailed documentation for all development work, including custom code and functionality.
